

Don't Do It Video Segment – IT'S WRONG

As we find ourselves with not much to do
And a lot of time to do it
Our appetite for TV and film has never been greater.

And we have options.
Many.
Most legitimate.
Some, not so much.

Surprisingly cheap content is often pirated content.
It's copied without permission.
And resold without license.
Which is just wrong.

Choose to do right.
Pirated content?
Don't do it.
